

Sustainability takes center stage. For meats and seafood, we strive to attain the highest possible standards of conservation, sustainability and animal welfare. All our meat and seafood are procured from ranches and producers who actively participate in environmental and conservation programs. Chicken is slow grown and free range. Meat is from grass fed animals and seafood from sustainable stocks and ethically run farms. Our paneer is from organic buffalo milk, eggs are free range. We have curtailed using any ghee, butter, cream, milk or any other dairy product in most of our cooking process, making our curries less calorific, more ethical, lighter and yet more flavorsome.

Poppadums with our home-made chutneys £3.75
